Foreword

Welcome to Ireland!

Prepare yourself for the most unpredictable weather on Earth.
Welcome to Ireland!

Comhghairdeas!

(Congratulations!)

On behalf of the Indonesian Students’ Association in Ireland (PPI Irlandia), we would like to warmly welcome you to the Republic of Ireland (not Northern Ireland!). PPI Irlandia serves as a hub for Indonesian students across Ireland and will be your first point of contact for any inquiries or assistance you may need after receiving your Letter of Acceptance (LOA) from your university.

We are excited to introduce our brand-new 4th edition of the PPI Irlandia Guidebook, released after three years. While it retains much of the useful content from the 3rd edition, the latest version includes updated prices, store locations by county, recommended travel destinations around Ireland, and an entirely new section about bringing your family to Ireland.

All of the information in this guidebook comes from real experiences and insights of Indonesian students currently living in Ireland. We hope it helps you prepare and gives you a clear picture of what to expect as you begin your journey here. Remember that we have all been in your position before, feeling anxious, curious, and maybe even wondering, “*Where exactly is Ireland? Is it part of the UK? The EU? The Schengen Area?*” Don’t worry, the surprises ahead are all part of the adventure.

That is exactly why PPI Irlandia is here: to guide, support, and make you feel at home. No matter where you study or live in Ireland, PPI Irlandia will always be your home away from home.

If you have any question beyond what is covered in this guidebook, please do not hesitate to contact our team via email at ppi.irlandia@ppi.id or ppi.irlandia@gmail.com.

Once again, congratulations and welcome to Ireland! We cannot wait to meet you and share this exciting journey together.

Cygnus Maryam Abhisarikallah
President of PPI Irlandia 2024/2025

Medical Insurance

All non-EEA (non-EU) students must have private medical insurance while studying in Ireland. Proof of insurance is required when registering with the Irish Immigration (IRP).

Accepted types of insurance:

- Group insurance provided by your school or university; or
- Your enrolment letter which confirm that you are covered under the policy, that the fees are paid, and it must include a brief description of the coverage; or
- Individual private medical insurance purchased in Ireland, if your school does not offer group insurance
- Minimum coverage requirement:
- Your insurance must cover at least €25,000 for accident and €25,000 for illness, including hospitalisation.
- Important reminders:
- You must maintain valid medical insurance throughout your entire stay in Ireland.
- Proof of insurance must be in English.

- Do not cancel your insurance after registration, as this violates immigration conditions.

Accommodation

We will not sugarcoat the accommodation matter. Accommodation might have been the hardest issue in your preparation for moving to Ireland. Ireland is experiencing a housing crisis, a situation shared by almost all European countries. PPI Irlandia will do its best to provide the best information for students in preparing their accommodation.

Accommodation searching can be daunting; we have warned students multiple times regarding the possibility of scams. That is why PPI Irlandia offers a paid viewing service. We urge students to never pay any fee before they are allowed to view the place and sign the contract.

For those of you who are interested in the PPI Irlandia’s viewing service, do not hesitate to contact us through email: ppi.irlandia@ppi.id. PPI Irlandia does not provide a service to search for accommodation; we only provide a viewing service!

PPI Irlandia also provides a housing database. The housing database also includes houses previously rented by Indonesian students. You will be able to access the database through the PPI Irlandia Incoming WhatsApp group. To get invited to the WhatsApp group, keep an eye on PPI Irlandia’s Social Media page, as the team provides a new WhatsApp group every year.

All information regarding securing your accommodation can be found on our official website (Incoming Student Tickets): ppiirlandia.com/new_student/

Here are the price ranges for accommodation in each county based on the 2025 students experience:

Dublin

- **Student Accommodation (On-Campus/Off-Campus)**
800 - 1500 Euros/Month
Differs based on each type of room and location. A Cheaper room option is either sharing a bathroom or sharing a room with other students.
Price excludes deposit.
- **Digs (Owner-Occupied House)**
500 - 900+ Euros/Month
Typically, the price range of around 400 - 600 Euros does not include bills/utilities, and is far from the city.
A price range of 700-900+ Euros includes bills/utilities and is closer to the campus or city.
Some digs also ask you to pay for a deposit.
- **Apartment/House**
1100 - 5000+ Euros/Month
Typically, the lower price range is for a studio apartment. The more space they offer, the higher their cost will be.
The closer the place is to the city centre, the more expensive it is.
Price also excludes bills/utilities and a deposit.

Galway

- **Student Accommodation (On-Campus/Off-Campus)**
450 – 1000+ Euros/Month
Differs based on each type of room and location. A cheaper room option is either sharing a bathroom or sharing a room with other students. Price excludes deposit. Rent can be cheaper if you stay for a full academic year; one-semester contracts are usually higher.
- **Digs (Owner-Occupied House)**
400 – 700+ Euros/Month
Some digs include bills/utilities, others don’t. It depends on the landlord/landlady. Deposits usually required.
- **Apartment/House**

More tips and tricks from us for you to secure an accommodation:

- The graduation ceremony for universities usually commences around October or November every year, but it depends on the university's policies. Trick: Keep an eye out, since this is a good time to take over the rooms of the students who are leaving. If you know one of them, ask for their help to get it for you.
- Be active and nice. As a landlord, you would never hand over the key to someone who is disrespectful and dishonest. So, the landlords also need to be convinced that their property is in good hands and that you will take care of it for them. Usually, they avoid students who like doing 'party all night'.
- Generally, the closer the accommodation is to the university, the higher the cost will be. Please also consider the travel time between walking and taking public transport. Do not forget that the travel cost might add up. Keep in mind that most bus service ends at 11 PM (Check their timetable).
- On the first day of living in your apartment, take pictures of all the damage and show them to the landlord; this is to be used as proof in case the landlord is blaming you for pre-existing damages.

Only after securing an accommodation, you are allowed to:

- Opening a new Bank Account to secure your living costs + tuition fee.
- Getting an IRP, a yearly permit to live legally in Ireland
- Getting a PPS number to get access to a job.
- If you're bringing a family member, applying for a PPSN can help your child get free healthcare

Airlines

After receiving your VISA, the next step is to book your flight ticket. It is advised that you do not proceed with the ticket payment before you receive your VISA. Here are a few options on how you can book cheaper tickets for Ireland

Google Flights and Skyscanner

Tickets from Jakarta to Dublin can be quite expensive. Students can find cheap flights by using Google Flights and Skyscanner. We recommend searching for flights during weekdays, as weekend

searches can sometimes result in higher prices. With Google Flights, you can set a reminder to book a flight when a cheap option becomes available.

Student Discount

Fortunately, as a student, you are eligible for a 10-20% discount on student tickets for some airlines. You can check the student club pages of some airlines with the links below:

1. Qatar Airways:

<https://www.qatarairways.com/en/student-club.html>

2. Emirates:

<https://www.emirates.com/ie/english/special-offers/student-special-fares/>

3. Turkish Airlines:

<https://www.turkishairlines.com/en-int/student/>

Codeshare Flight

Another way to get cheaper tickets is by booking a codeshare flight. You can find these on Traveloka and other online ticketing platforms. With a codeshare flight, you'll be flying on two or more airlines under a single booking code. For example: Qatar Airways with Garuda Indonesia, or KLM with Garuda Indonesia.

When choosing a codeshare flight, pay close attention to the baggage policy. Since you'll be flying with different airlines, baggage allowances and rules may vary slightly.

Fly from Malaysia or Singapore

Another way to get a cheaper flight is to start your journey from Singapore or Malaysia. Flights to Ireland are usually more frequent from these countries, which often results in lower ticket prices compared to flying directly from Indonesia to Ireland. Just make sure to check the baggage allowance for your flight from Indonesia to Singapore or Malaysia before booking.

If you live outside Jakarta

A common question is: *"Can I depart from the nearest airport to where I live and fly directly to Ireland?"*

This depends on the airline. In many cases, you may need to transfer through Singapore or Malaysia before continuing on to Ireland, especially if you are not departing from Soekarno-Hatta Airport in Jakarta.

Bringing Family to Ireland

An experience by Efa Apriyanti, a PhD student for Nursing in Trinity College Dublin and an awardee of LPDP Scholarship, is as follows.

Moving to Ireland with your family is exciting, and with the right preparation, it can be smooth and stress-free. Start with your visa—apply at least three months before departure through www.irishimmigration.ie and make sure your finances cover living costs. Agencies

like IDP can help, though they charge per family member.

Travel days are easier when you plan around your children. Night flights often work best, and explaining the trip in simple terms keeps kids calm. Bring essentials, check in online, and arrive early at the airport. Snacks and small activities are lifesavers on the plane, and resting in Dublin before heading to your new home will make the first day more manageable.

For housing, expect to spend €1,200–€1,500 a month in suburban areas, with daft.ie as the go-to website. Choose a location close to transport, shops, schools, and places of worship—being near a train line gives you great flexibility. Ireland's public transport is reliable and often cheaper if booked via apps, so secure your accommodation before you arrive and you'll settle in faster. Children under 8 years old can now travel free by getting them a child leap card.

Once you're in Ireland, focus on the essentials: open a bank account (AIB, Bank of Ireland, or Revolut), book your IRP appointment right away, and apply for a PPSN for work or school registration. For your children's education, you can choose between state-funded Catholic

National Schools (you can choose single-sex schools or mixed-gender schools), multicultural Educate Together, and or even join online Sekolah Indonesia Den Haag as a complementary if you want to stay connected to Indonesia's curriculum.

Healthcare is managed through the HSE. Register with a GP early, and remember that children under eight and pregnant women may qualify for a Medical Card. GP visits cost around €45–65, ER visits about €100, but many services—like cervical screenings and flu vaccines—are free. Doctors also recommend Vitamin D supplements for families during the darker months.

Day-to-day living can be affordable if you shop smart. Compare providers for utilities and internet, look for grocery deals at ALDI, Lidl, and Too Good To Go, and try thrift shopping at local charity stores or on Vinted.

Finally, don't miss out on exploring Ireland's natural beauty! Public transport, family discounts, or even a second-hand car can make traveling easier—just remember to factor in extra costs like insurance and road tax. With planning and flexibility, life in Ireland can be both comfortable and rewarding for the whole family.

What to Pack?

Expecting a cute fall and winter outfit? Well, sorry to burst your bubble! Ireland is full of strong wind and uncontrollable rains. Each day, you can experience four weathers at once! Here are list of belongings that we recommend students to bring, it is important for students to survive Ireland's weather:

1. Rain jacket with hood/Waterproof jacket
2. Water-resistant bag
3. Umbrella (beware that the strong winds might break it)
4. Windbreaker jacket (perfect for autumn)
5. Winter jacket
6. Boots/Shoes with a good grip for icy weather or hiking
7. Portable dryer (very optional, for those of you who wonders how to dry undergarment in cold weather)

Medicine:

1. Tolak Angin
2. Minyak Kayu Putih
3. Paracetamol
4. Vitamin (Vitamin C & Vitamin D)
5. Any personalized medicines (for specific conditions, allergic, etc)

Food:

1. Bring a lot of Indonesian snack to comfort your homesickness
2. Bring Instant Noodles can be a good solutions for food in a few days, we recommend Flavored Indomie other than original, there are only a few options here in Ireland
3. Spice mix (in a proper packaging)
4. DO NOT bring any real meat or fish, as it is forbidden to bring them!

Last but not least, make sure that your Indonesian ATM card works internationally and is able to conduct tap or contactless transactions (Jenius or Revolut is highly recommended). Also bring enough cash, a minimum of 100-200 EUR, for early arrival, since money exchange and withdrawal can be quite challenging without local knowledge.

Post-Departure

Getting to your destination from Dublin Airport

Most flights, especially those from Indonesia, arrive through Terminal 1, although a few aircraft may land in Terminal 2.

Temporary Belongings

For students, to travel around freely (before getting Student/Young Adult Leap Card and SIM Card) we recommend buying an Adult Leap Card and a temporary SIM Card in the airport.

A Leap Card can be purchased and topped up at convenience stores such as Wright Food Fyre in Terminal 1.

Temporary SIM cards are usually available for 30 days, and they can be extended. But they usually are pricey, a range over 20-30 euros per month. After getting your temporary SIMcard, we recommend purchasing a cheaper SIM Card online. Don't worry, the phone number that you purchased in the airport can be transferred to your new SIM card. More information will be available in the SIM Card section. Temporary SIM cards can be purchased in the airport terminal 1, WHSmith and vending machines near the carpark. You can find some free SIM Cards in the airport near brochure or magazine racks, but they usually still require you to top up the vouchers.

Communications

Wi-Fi

There is a public Wi-Fi service called EDUROAM, which can be accessed by students at any university within the EU. EDUROAM is available across universities and many public areas in Ireland. For more information, visit: <https://www.eduroam.ie/eduroam-in-ireland>.

(Note: To access EDUROAM, you must first complete the registration process at your university. Once registered, you will receive an account that allows you to log in using your university credentials whenever you connect to EDUROAM)

You can also access public Wi-Fi on public transportation (e.g., Bus Éireann). However, be cautious, as these connections may not be secure. Avoid using public Wi-Fi to transfer sensitive data or conduct financial transactions.

MOBILE SIM CARD

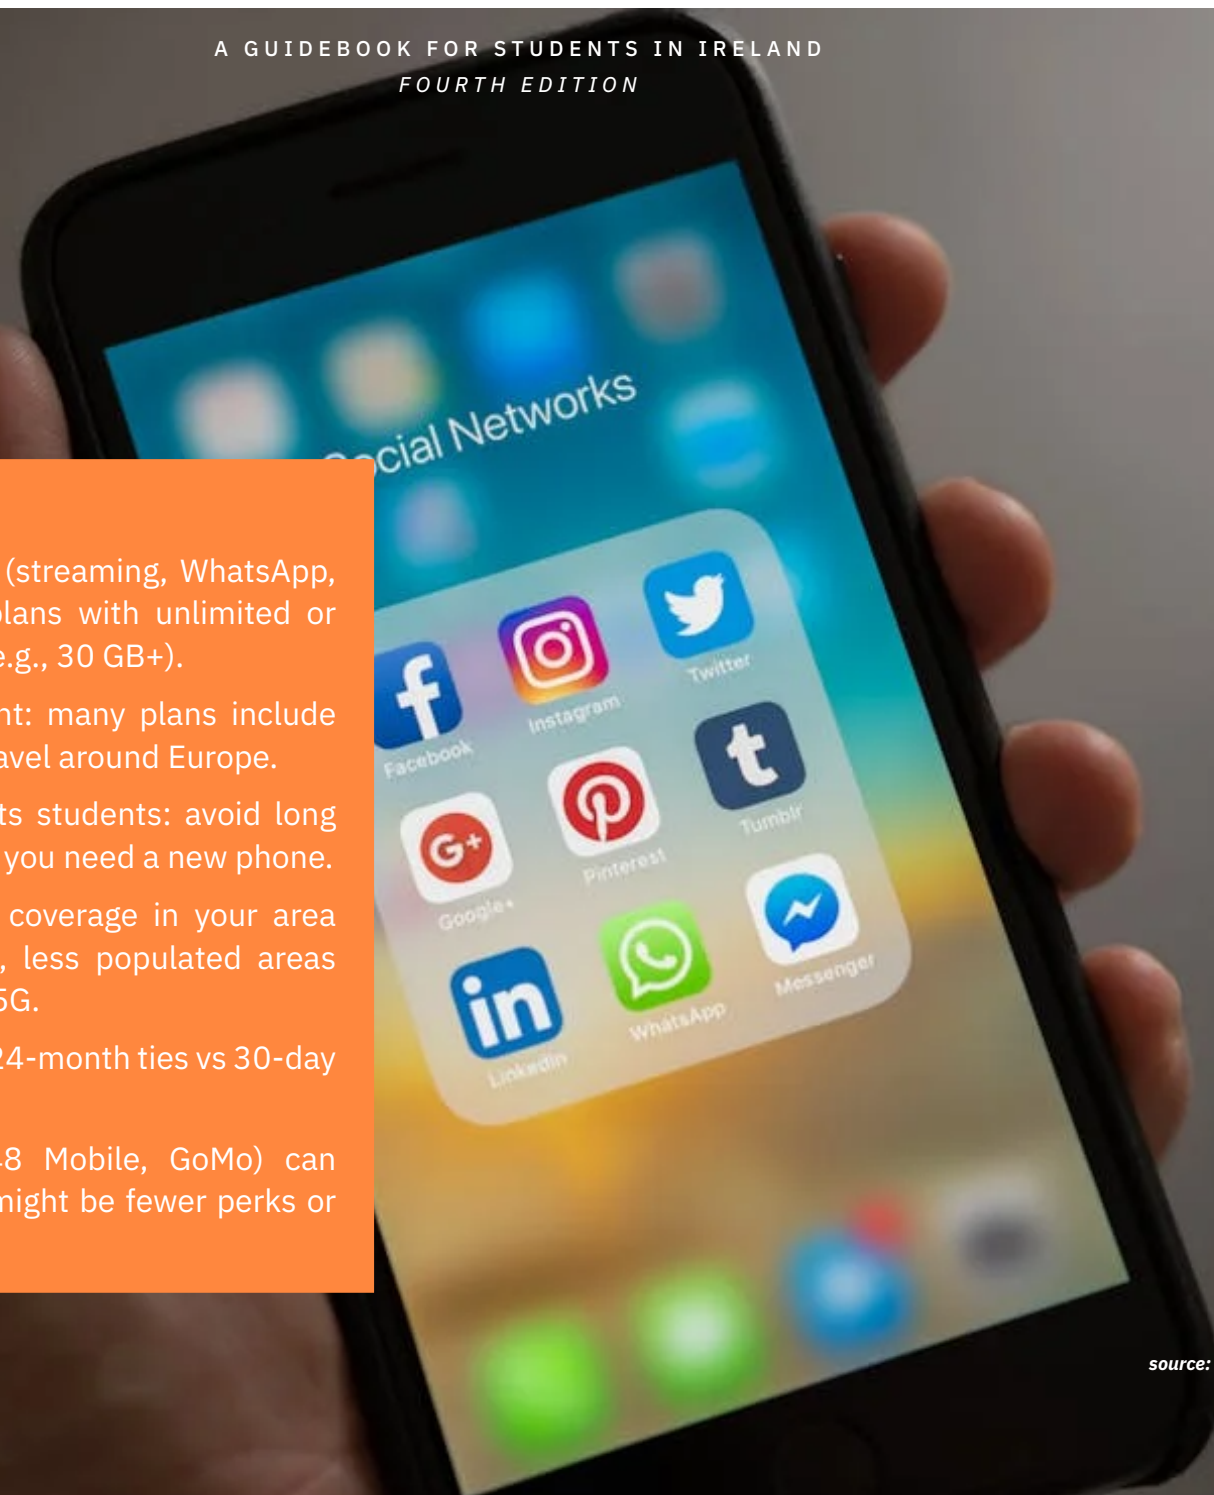

Ireland offers a wide selection of providers. For those who want to stay online extensively, some of them offer “all-you-can-eat data” / unlimited data. It fully depends on your personal needs.

As of 2022, Ireland has 70 - 80% coverage of 5G network with some rural areas still in 4G. Chances are any providers mentioned below will provide a 5G network in most of the public areas. The comparison of affordable SIM providers is as follows:

Provider	Pros	Rates & sample plan	Website
Vodafone	Very strong network/coverage; good for 5G; large provider. (Wikipedia)	SIM-only “Classic” plan: €25/month (24-month) with unlimited calls/texts + unlimited 5G data + 50 GB EU roaming. (vodafone.ie)	vodafone.ie
eir mobile	Broad network; unlimited data/5G options; good if bundling broadband. (eir)	“Totally unlimited 5G data” campaign available online. (eir)	eir.ie/mobile
Tesco Mobile	Value-oriented; simple pricing; good for prepay & SIM-only; added perks (Clubcard). (Tesco Mobile)	Prepay example: €15 top-up/28 days → 30 GB data + 3,000 texts + 10,000 minutes (with Clubcard). Contract plan: €35/month (Clubcard price) unlimited 5G data, 10,000 any-network minutes/texts. (Tesco Mobile)	tescomobile.ie
48 Mobile	Very budget-friendly; good value for SIM-only; uses Three's network. (48.ie)	Prepay/unlimited data deal: €12.99/month → unlimited data + 5,000 minutes + 5,000 texts. (48.ie)	48.ie
GoMo	Online-only digital operator; simple plan; good if you're okay managing everything via app. (Wikipedia)	Example: Unlimited calls & texts + 120 GB 4G/5G + some EU roaming for a fixed monthly price (online sign-up) (Wikipedia)	gomo.ie
Clear Mobile	Low-cost flanker brand under Vodafone; unlimited 5G data plan at discount rates; good for heavy data users. (Wikipedia)	One plan: unlimited calls/texts + unlimited 5G data + 19 GB EU data (online only). (Wikipedia)	clearmobile.ie

**Tips:**

- If you mainly use data (streaming, WhatsApp, video calls), look for plans with unlimited or large data allowances (e.g., 30 GB+).
- EU roaming is important: many plans include EU data, useful if you travel around Europe.
- Pre-pay / SIM-only suits students: avoid long device contracts unless you need a new phone.
- Always check network coverage in your area (Galway, Cork, Carlow), less populated areas may get weaker signal/5G.
- Check contract length: 24-month ties vs 30-day rolling gives flexibility.
- Budget alternatives (48 Mobile, GoMo) can save money, trade-off might be fewer perks or support channels.

**Congratulations**

Since you have arrived in Ireland and are ready to start your journey as an international student, one of the first things you should do now is to consult and notify your university. Classes for Undergraduate and Master's usually start in the early week of each trimester, depending on your intake (Autumn or Spring). Do consult your program manager to know exactly what to prepare for your first day. Also, keep your eyes out for orientation events that usually happen all over the university, there are usually many

fun events and free goodies. If you require information about the campus from the students, you can get help/ information from student peer mentors that each university has.

Irish Residence Permit (IRP)

Irish Residence Permit (IRP) is an important document that proves you are legal to be in Ireland; it is represented by a stamp number and takes the shape of a card. Each stamp shows what you can do while you are here, for instance, study, work, or invest in a business. IRP is very hard to attain due to the large number of students coming in every year, so make sure to make an appointment as soon as you arrive in Ireland! Getting an appointment can take some time to wait, don't worry, just keep trying to get an appointment.

As a student, you will receive stamp 2 which limits you from working full time, but will still be able to work part-time. Stamp 2 holders will be permitted to work part-time up to 20 hours per week throughout the academic year and up to 40 hours per week during the college vacation periods, which are June to September inclusive and December to January inclusive.

If you are coming to Ireland from outside the EU, and wish to stay for more than 90 days, you must apply for immigration permission and then register it once it is granted.

Registration is how the Ireland government records that we have been given permission to stay in Ireland. The type of permission you receive is printed on an Irish Residence Permit (IRP) sent to you by post once you have successfully registered.

So, what you need to do on how to make an appointment for IRP are as follows:

1. For first time registrations with Immigration, students will have to attend the Registration Office in Burgh Quay, Dublin, in person. Schedule an appointment to attend an in-person appointment at ISD's office in Dublin. The office is located near O'Connell Bridge. Immigration Service Delivery (ISD) Office, 13-14 Burgh Quay, Dublin 2.
2. To schedule an appointment, please use the online [Customer Service Portal](#).
3. You must have the following to schedule your appointment:
 - a. A valid email address (you will be sent an email with a code needed to set up your account).
 - b. A mobile phone number (you will be sent a text message from immigration to verify the mobile phone number and download an app).
 - c. Your passport

Follow the steps below to create your Customer Service Account with immigration:

1. Go on the [Immigration website](#) to create / login to your Customer Service Account.
2. Enter your email address, and a verification code will be sent to your email address. Enter the verification code received.
3. Enter your personal details.

4. Create a new password (take a note of this password for future reference).
5. Your mobile phone number needs to be verified. A verification code will be sent with a link to download the ID-Pal App.
6. Log on the ID-Pal App to upload your passport and take a live picture of yourself.
7. You must wait 24h to have your identity verified.
8. Once verified, you can log in to your account and book an appointment.

Please read the [Guide to Using the Online Self-Service Portal](#) on the Irish Immigration website and follow the steps provided. If you find difficulties creating your Customer Service account then you can email immigrationportalsupport@justice.ie who will assist you.

Documents needed for Appointment

Once your appointment has been made, you will receive a confirmation email. You must bring a copy of this email with you on the day of the appointment, along with any documentation requested in the confirmation email.

These include:

1. Copy of email appointment confirmation
2. Valid Original Passport
3. University's Letter of Attendance

4. Proof of Payment of University Fees (if you're an awardee of a scholarship/grant, you just need to show a confirmation letter from the provider that guarantee your tuition fees)
5. Proof of Sufficient Finances (if students did not need a visa to come to Ireland, then you need to show 6 months' worth of bank statements). You can visit the immigration [Information on Student Finances](#) for further information. (if you're an awardee of a scholarship/grant, you just need to show a confirmation letter from the provider that guarantee your living cost)
6. Proof of Health Insurance
7. Payment Fee of €300: Payment can only be made by credit/debit card.
8. Proof of Address

The immigration officers may also ask for other documents at any time. You should read your confirmation email carefully. Further information can be found on [Home - Immigration Service Delivery \(irishimmigration.ie\)](#)

Once you have access to the [Customer Service Portal](#), you can use your customer service account for registration appointments, to ask any questions, request changes to your personal details, and check your application progress.

Under 18 and Registering with the Immigration Services

If you are under 18 at the time of your appointment, you will be required to have your parent/guardian attend your appointment with you. Some students use a guardianship company, such as [Godsil](#), who can provide this service if their parent is not in the country. They will assist with preparing your documents and accompany you to your registration appointment.

Personal Public Service (PPS) Number

A Personal Public Service (PPS) Number is a unique reference number that gives you various benefits such as social welfare, public services, and citizen information. A PPS Number consists of 7 numbers followed by either one or two letters. To get a PPS Number, you would need to provide the following information in your application form.

Identity

As a non-EU citizen, you must use your passport as proof of identity.

Address

You need to show evidence of your address. The document must show your name and address and not be older than 3 months. You can use any of the following documents to do this:

- Household utility bill
- An official letter or document
- A financial statement
- Property lease or tenancy agreement
- Confirmation of address by a third party such as a hotel or hostel administrator or manager, school principal, or property owner

Reason to obtain a PPS Number

You can mention that you are an international student in the PPS Number application as it is a requirement to register for a class or course. To get a PPS Number, you would need to apply online through [MyWelfare Homepage](#).

For more information visit [Get a Personal Public Service \(PPS\) Number](#) official page.

GP Administration

A GP Visit Card allows you to visit a General Practitioner (GP) for free consultations. To apply for this card, you must already have a Personal Public Service Number (PPSN). Once you have your PPSN, you can apply for the GP Visit Card online through the official HSE website. If you are applying on behalf of your family, you can submit one application that includes all family members.

HSE Website:

<https://www2.hse.ie/services/schemes-allowances/gp-visit-cards/gp-visit-cards/>

During the application process, you will be asked to choose your preferred GP. It is recommended to select a doctor located near your home, as this will be helpful in emergency situations.

Your chosen GP may accept or reject your application depending on their patient quota. If your application is rejected, a notification letter will be sent to your home address within approximately two weeks. You can then reapply with a different GP until your application is accepted. Once approved, your GP Visit Card will be delivered to your home.

After receiving the card, you should bring it or provide the card number each time you visit your GP so that they can verify your eligibility and prioritise your appointment. If you have not yet received your card, you can still visit a GP by booking an appointment directly with their clinic.

If you have children under six years old, you can apply for a GP Visit Card for Under 8, which entitles them to free GP consultations at any time. Please note that this card is not related to child immunisation. Additionally, if you have an income while living in Ireland, there is an income limit for eligibility. More details about income thresholds and requirements can be found on the following websites:

Citizens Information Website:

<https://www.citizensinformation.ie/en/health/medical-cards-and-gp-visit-cards/gp-visit-cards/>

GP Visit Card for Under 8s:

<https://www2.hse.ie/services/schemes-allowances/gp-visit-cards/under-8s/>

For reference, a Medical Card provides broader benefits than the GP Visit Card. While the GP Visit Card covers free consultations, the Medical Card also includes free prescriptions and additional healthcare services.

Some campuses also provide a GP service. Usually, the campus GP is available exclusively for students, and in some cases, you do not need a GP card to access it. GP services on campus are also more affordable compared to other GPs.

Banks

Living in Ireland will of course require money and access to that money. It should be noted that each university has partnerships with certain banks that will make it easier for students to register their bank accounts. An initial deposit is required to create a bank account and the amount varies by bank.

You can register yourself online or by coming directly to the nearest branch or online, and it may take up to 7 days to get your ATM card.

The following is a list of recommended banks in Ireland:

TFI Go App

The TFI Go App allows you to buy tickets for Ireland bus services and participating commercial bus operators directly from your phone. Your ticket is downloaded to the TFI Go App and can be used to travel straight away. There's no need for printing, simply activate your ticket before each journey and show it to the driver while boarding.

To avail of discounted Young Adult and Student fares, a valid TFI Young Adult or Student Leap Card must be shown to the driver when boarding.

Features:

- Single, two Journey and ten Journey tickets available for Adults and Young Adults and Students
- One day and seven-day zonal tickets available in cities.

Available on App Store and Google Play Store

Utilities Tips

Please check with your agent/landlord when you rent student accommodations because normally these bills are already included in what you paid for the whole term of leasing. On the other hand, when you rent an apartment, the landlord should show the electricity meter, the initial values, and MPRN (Meter Point Reference Number). These numbers are needed if you'd like to apply for a new/change provider.

Most new buildings have dual price electricity day-standard/night-cheaper. There is usually a 50% discount for daily use, starting from 11 pm to 8 am (Winter) or 12 pm to 9 am (Summer). Use these hours to turn on your heater, dishwasher, or your washing machine. You can also use electricity/internet bills as proof of address when applying for IRP.

There are some broadband provider options such as Eir, Vodafone, Virgin Media, and Sky with additional options such as Cable TV or mobile data. A good website to check on Internet and Electricity providers is bonkers.ie (<https://www.bonkers.ie>) in which you can compare the deals and the best value provider depending on where you live.

Heating can differ on each accommodation. Some will have them turned on all the time, but others utilise a timer. If you are in charge of your own heating bills, please make sure to keep an eye on how many times you turn on and off the heater. With the recent hike in oil prices, your heating bill can cost a fortune if left unattended.

Dublin

Introduction

Dublin is the capital city of Ireland. Located on the East Coast of Ireland, Dublin stretches along the Irish Sea in a half-moon shape. Dublin City covers an area of 115 km² and is home to more than 125.000 university students.

Dublin has a world-renowned history of literature and film with famous figures such as George Bernard Shaw (playwright, critic, and Nobel Prize winner), James Joyce (writer and poet), Oscar Wilde (playwright, poet, essayist, and novelist), and Dracula creator Bram Stoker. Leading Hollywood actors from Dublin include Maureen O'Hara, Brendan Gleeson, Gabriel Byrne, and Colin Farrell.

Dublin is a relatively small city and easily accessible. The extensive tram system and the suburban rail system, DART, provide excellent transport links within the city.

1. Trinity College Dublin

Trinity College Dublin (TCD) is the oldest university in Ireland, founded in 1591. TCD is the highest-ranked Irish university, recognised for its academic excellence. The university is located in the city centre, where Dublin's cultural and retail districts meet. Communities in TCD are very dynamic, with over 22,000 students from various backgrounds and age groups. TCD is currently ranked among the top 100 universities worldwide by QS World Ranking and among the top 50 in Europe.

Trinity College Dublin is also a famous tourist destination in Ireland due to their Book of Kells experience, which has the oldest bible in Ireland. So don't be surprised to find so many people on the campus.

2. University College Dublin

University College Dublin (UCD) is one of the leading research-intensive universities in Europe. It is where undergraduate education, master's and PhD training, research, innovation, as well as community involvement form a dynamic spectrum of activities. As the largest university in Ireland, UCD plays a significant role in contributing to Ireland's development through its studies and

discussions on society, business, economy, culture, language, creative arts, as well as through research and innovation. The quality of their teaching is complemented by high standards of support.

UCD is currently ranked 118th in the world, according to the QS World Ranking 2026, and it has the highest employability rate among Irish universities.

Tips/Info from our Students

1. Dublin is a big city. It is advised not to go alone at night in some parts of Dublin, such as the city centre
2. We advise students to live in the area of South Dublin, and avoid North Dublin, such as Tallaght
3. A lot of restaurants and Asian shops offer student discounts, so make sure to always bring your student card or student/young adult Leap Card
4. Rather than buying water in the restaurant, make sure to ask for tap water (tap water in Ireland is drinkable). A restaurant is obligated to give its customers tap water, a requirement that is also in place in other counties
5. It's best to avoid groups of teenagers hanging around in public places, especially late in the evening. They're usually harmless, but it's safer to keep your distance.

Cork

Introduction

Cork (Irish: *Corcaigh* meaning “marsh”) is the second largest city in the Republic of Ireland and the third largest on the island of Ireland located in the south-west of Ireland, in the province of Munster. Following an extension to the city's boundary in 2019, its population is c. 210,000.

The city centre is an island positioned between two channels of the River Lee which meet downstream at the eastern end of the city centre, where the quays and docks along the river lead outwards towards Lough Mahon and Cork Harbour, one of the largest natural harbours in the world.

Originally a monastic settlement, Cork was expanded by Viking invaders around 915. Its charter was granted by Prince John in 1185. Cork city was once fully walled, and the remnants of the old medieval town centre can be found around the South and North Main streets.

The third largest city by population on the island of Ireland, the city's cognomen of “the rebel city” originates in its support for the Yorkist cause in the Wars of the Roses. Corkonians sometimes refer to the city as “the real capital”.

Universities

1. University College Cork

National University of Ireland, Cork (UCC) (Irish: *Coláiste na hOllscoile Corcaigh*) is a constituent university of the National University of Ireland and is located in Cork. The university was founded in 1845 as one of the three Queen's Colleges located in Belfast, Cork, and Galway. Amongst other rankings and awards, the university was named the Irish University of the Year by The Sunday Times on five occasions; most recently in 2017. In 2015, UCC was also named as top performing university by the European Commission-funded U-Multirank system, based on obtaining the highest number of "A" scores (21 out of 28 metrics) among a field of 1200 partaking universities. For your information, George Boole was the first professor of mathematics at UCC. He is famous for developing Boolean algebra, which would later make computer programming possible.

2. Munster Technological University

Cork Institute of Technology (CIT) (Irish: *Institiúid Teicneolaíochta Chorcaí*) was a third-level educational institution in Ireland, located in Cork. Upon its dissolution, the institute had 17,000 students (both part-time and full-time) in art, business, engineering, music, drama, and science disciplines. On 1 January 2021, CIT merged with IT Tralee to become Munster Technological University, Ireland's second Technological University. Cork Institute of Technology consisted of two constituent faculties and three constituent colleges. The constituent faculties are Engineering and Science, as well as Business and Humanities. The constituent colleges are the CIT Crawford College of Art and Design, the CIT Cork School of Music, and the National Maritime College of Ireland. Faculties were made up of Schools which in turn comprise two or more academic departments.

**Tips/Info from Our Students**

1. Start looking for housing early (June–July); take photos at check-in for deposit disputes.
2. Cook by yourself/with friends, split bulk buys at Lidl/Aldi for the cheapest options; check Asian shops for spices.
3. Always ask for tap water in cafés/restaurants (it's free and drinkable).
4. Weather changes fast — always carry a rain jacket, don't rely on umbrellas.
5. Cork is considered safe, even if you're walking alone at night. However, keep an eye out for the buses since the last city buses no longer operate around 23:00. Only bus no. 220 (route Fort Meagher/Carrigaline - UCC - Bishopstown - Ballincolig - Ovens) operates 24 hours. So, plan your trip accordingly.
6. Student/Young Adult Leap Card halves fares; also valid on coaches and rail.
7. Join campus societies (lots of free events, food, networks). UCC is renowned as a university that has lots of societies (around 116-117 societies), research them carefully and choose one, two, or maybe more that suits you much.
8. Join external events, outside of campus activities. You'll gain different experiences, friendships, and networks.
9. Cork Cultural Night, Cork Jazz Festival, Halloween Parade, as well as spring and summer festivals are fun. Don't miss them out. Check for the schedules on cork city council instagram @corkcitycouncil or @cork_daily.

Galway

Introduction

Galway is a vibrant city on the west coast of Ireland, situated by the scenic Galway Bay along the Wild Atlantic Way. Often called the “City of Tribes” due to the 14 merchant families that once ruled it, Galway is known for its thriving arts scene, traditional music, and friendly atmosphere. With a population of around 100,000, it feels more like a large town – compact and easy to explore on foot. Students make up more than 20% of the population, giving the city an energetic and creative buzz year-round. Galway regularly hosts festivals such as the Galway International Arts Festival and the Galway Races, so there’s often something exciting happening in the city.

Universities

1. University of Galway (UoG)

Established in 1845 (formerly known as NUI Galway), UoG is a top research university and one of Ireland’s oldest institutions. Its campus is set along the River Corrib, just a short walk from the city centre, and hosts a diverse community of over 18,000 students. The university is known for programs in arts, business, science, engineering, and medicine, and it attracts students from around the world. UoG’s picturesque quadrangle and vibrant campus life make it a central part of Galway’s identity.

Website: universityofgalway.ie

2. Atlantic Technological University, Galway (ATU)

ATU’s Galway campus (formerly GMIT) is a technological university that offers a range of practical and career-focused courses in engineering, computing, science, business, and creative arts. It became part of ATU in 2022 as a result of a merger of institutes in the west/north-west region. The ATU Galway campus is located on the east side of the city (Dublin Road area) and provides modern facilities for its students. It’s known for strong industry links and hands-on learning.

Indonesian Community in Ireland

PPI Irelandia

PPI Irelandia is the Indonesian Students' Association in Ireland. The organisation was established on 30 January 2016 with the aim of becoming a hub for Indonesian students.

The members of PPI Irelandia consist of active students from

various academic levels, such as Undergraduate, Master's, and PhD, who come from different counties across Ireland. PPI Irelandia organises projects and activities for Indonesian students in Ireland, the Indonesian communities in Ireland, international students, and prospective Indonesian students who plan to study in Ireland.

In collaboration with other Indonesian communities in Ireland, PPI Irelandia has successfully hosted annual events such as Pesta Rakyat (Indonesian Festival) and Halalbihalal.

An independent initiative by PPI Irelandia is the newly launched Ajakan PPI Irelandia (Invitations by PPI Irelandia), where Indonesian students are invited to join our social and community gatherings. PPI Irelandia also organises academic events such as Probe and Criticism on Scientific Paper (PRISMA), where students can share their studies and research with fellow Indonesian students and audiences.

We warmly invite all incoming Indonesian students to join us, either as members or as part of the organising committee. Each year, registration links are provided by the committee, and they can be found on our social media pages.
